

As a citizen, I'm concerned with LPFM stations displacing FM translators as this is a main venue for one of my favorite radio stations, K-LOVE. K-LOVE brings HOPE, FAITH, and a positive msg for all citizens and is crucial in our local, state, and federal communities. Replacing this with other programming via LPFM stations would be quite disappointing. It's been my experience that K-LOVE's music msg of being kind, moral, law-abiding, God-fearing/loving citizens is what is REALLY needed for all of us. There is no substitute.
